

## Performance Training in Football Refereeing Weekly Training Plan

### WEEK 29 from Monday 18<sup>th</sup> to Sunday 24<sup>th</sup> of July Macrocycle II, week 1 (Training week 7)

- Mon. 18<sup>th</sup>:  
Tr. 22
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Medium Int. - 30' run at 70% HR<sub>max</sub> ( $\pm$  5 to 6 km)  
For each 5' of running, 2 tempo runs have to be done: in the middle a 50 m tempo run, and towards the end of the 5' period a 100 m tempo run has to be covered.  
  
Over the 30' run, 12 tempo runs have to be done, i.e. 6 x 50 m and 6 x 100 m.
  - \* Cool down - 5' jogging and walking, followed by 10' static stretching.
- Total duration: 70'
- Tue. 19<sup>th</sup>:  
Tr. 23
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Strength - Advanced set of strength and injury prevention I exercises (week 1).
  - \* High Int. - 2' run at 90% HR<sub>max</sub>, 1' jogging, 8 x.  
- In total, it takes 24' to complete this HI-exercise.
  - \* Cool down - 5' jogging and walking, followed by 10' static stretching.
- Total duration: 74'
- Wed. 20<sup>th</sup>:  
REST DAY
- Thu. 21<sup>st</sup>:  
Tr. 24
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Strength - Advanced set of strength and injury prevention I exercises (week 1).
  - \* High Int. - The following exercise is scheduled for referees:  
- Set 1:  
- 30" HI-run, 30" jogging,  
- 45" HI-run, 30" jogging,  
- 60" HI-run, 30" jogging,  
- 75" HI-run, 30" jogging,  
- 30" HI-run, 30" jogging,  
- 45" HI-run, 30" jogging,  
- 60" HI-run, 30" jogging,  
- 75" HI-run, 30" jogging,

## Performance Training in Football Refereeing Weekly Training Plan

- 2' passive recovery (until bpm < 65% HR<sub>max</sub>)

- Set 2:

- 75" HI-run, 30" jogging,
- 60" HI-run, 30" jogging,
- 45" HI-run, 30" jogging,
- 30" HI-run, 30" jogging,
- 75" HI-run, 30" jogging,
- 60" HI-run, 30" jogging,
- 45" HI-run, 30" jogging,
- 30" HI-run, 30" jogging,

- All together, this exercise takes 11' + 2' rec + 11' = 24'

- From a coaching point of view, an efficient way to organise this exercise, is to whistle each time the referees change from activity.

- For Set 1, the time line for the use of the whistle is as follows:  
0 (30" HI tempo) - 30" (J) - 1' (T) - 1'45" (J) - 2'15" (T) -  
3'15" (J) - 3'45" (T) - 5' (J) - 5'30" (T) - 6' (J) - 6'30" (T) -  
7'15" (J) - 7'45" (T) - 8'45" (J) - 9'15" (T) - 10'30" (J) - 11'  
(Stop)

- For Set 2, the time line is:

0 (75" HI tempo) - 1'15" (J) - 1'45" (T) - 2'45" (J) - 3'15"  
(T) - 4' (J) - 4'30" (T) - 5' (J) - 5'30" (T) - 6'45" (J) -  
7'15" (T) - 8'15" (J) - 8'45" (T) - 9'30" (J) - 10' (T) -  
10'30" (J) - 11' (Stop)

\* High Int.

- For assistant referees the following HI-exercise is scheduled:

- Set 1 (Yo-Yo based exercise):

- 10 x 100 m shuttles (50 m - turn L - 50 m) to be completed in 20"
- 30" recovery walk (40 m)

- All together, this first set takes 8'20".

- 2' recovery

- Set 2 (Yo-Yo based exercise):

- 10 x 100 m shuttles (50 m - turn R - 50 m) to be completed in 20"
- 30" recovery walk (40 m)

## Performance Training in Football Refereeing Weekly Training Plan

- All together, this exercise takes 20'40 (8'20" + 4' recovery + 8'20")
- The total distance equals 2800 m, of which 2000 m at high speed and 800 m walking.

- \* Match - 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).
- \* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 84'

Fri. 22<sup>nd</sup>: REST DAY

- Sat. 23<sup>rd</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).  
Tr. 25 \* Warm up - 20' jogging, mobilisation and dynamic stretching.  
 \* Speed - Short sprints from a dynamic position (heel lifts, knee lifts,...)

- Set 1 (right turn):  
 (2 x 5 m) - (2 x 10 m) - (2 x 15 m) - (2 x 20 m) - (2 x 25 m)

- 5' recovery

- Set 2 (left turn):  
 (2 x 5 m) - (2 x 10 m) - (2 x 15 m) - (2 x 20 m) - (2 x 25 m)

2 sets of 10 sprints			
Set 1 (10 sprints)			5 min
Recovery			5 min
Set 2 (10 sprints)			5 min
<b>Total duration</b>			<b>15 min</b>
<hr/>			
Walking	W		300 m
Jogging	J		--- m
Backwards	BW		--- m
Sideways	SW		--- m
High intensity	HI		--- m
Sprint	S		300 m
<b>Total distance</b>			<b>600 m</b>

- In total, this exercise takes 15'. The total sprint distance is 300 m.

- \* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 55'

## Performance Training in Football Refereeing Weekly Training Plan

---

Sun. 24<sup>th</sup>: Officiating exhibition games to get match experience in order to prepare for the UEFA Europa and Champions League and the national championship.

If you have a weekend without a match, use your free time for additional recovery, or use your free time to work on any fitness weaknesses you might have, e.g., aerobic endurance, strength, injury prevention,...).

Alternatively, you may also consider to do some intermittent activities such as playing badminton, football, squash, or tennis.

## Performance Training in Football Refereeing Weekly Training Plan

### WEEK 30 from Monday 25<sup>th</sup> to Sunday 31<sup>st</sup> of July Macrocycle II, week 2 (Training week 8)

- Mon. 25<sup>th</sup>:  
Tr. 26
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Speed End. - 45" of jogging, followed by 15" of acceleration building up to to 95% SP<sub>max</sub>, 8 reps, 3' recovery (walking)  
- 30" of jogging, followed by 15" of acceleration building up to to 95% SP<sub>max</sub>, 8 reps, 2' recovery (walking)  
- 15" of jogging, followed by 15" of acceleration building up to to 95% SP<sub>max</sub>, 8 reps, 1' recovery (walking)
  - \* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 64'

- Tue. 26<sup>th</sup>:  
Tr. 27
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Strength - Advanced set of strength and injury prevention I exercises (week 2).
  - \* High Int.
    - 20" run at 90% HR<sub>max</sub> (appr. 100 m), 10" jogging (Set 1)
    - 40" run at 90% HR<sub>max</sub> (appr. 200 m), 20" jogging
    - 60" run at 90% HR<sub>max</sub> (appr. 300 m), 30" jogging
    - 80" run at 90% HR<sub>max</sub> (appr. 400 m), 40" jogging
  
    - 20" run at 90% HR<sub>max</sub> (appr. 100 m), 10" jogging (Set 2)
    - 40" run at 90% HR<sub>max</sub> (appr. 200 m), 20" jogging
    - 60" run at 90% HR<sub>max</sub> (appr. 300 m), 30" jogging
    - 80" run at 90% HR<sub>max</sub> (appr. 400 m), 40" jogging
  
    - After a 2' recovery and drinking break, the pulsations should be reduced below 65% HR<sub>max</sub>
  
    - 80" run at 90% HR<sub>max</sub> (appr. 400 m), 40" jogging (set 3)
    - 60" run at 90% HR<sub>max</sub> (appr. 300 m), 30" jogging
    - 40" run at 90% HR<sub>max</sub> (appr. 200 m), 20" jogging
    - 20" run at 90% HR<sub>max</sub> (appr. 100 m), 10" jogging
  
    - 80" run at 90% HR<sub>max</sub> (appr. 400 m), 40" jogging (set 4)
    - 60" run at 90% HR<sub>max</sub> (appr. 300 m), 30" jogging
    - 40" run at 90% HR<sub>max</sub> (appr. 200 m), 20" jogging
    - 20" run at 90% HR<sub>max</sub> (appr. 100 m), 10" jogging
  - All together, this takes 10' + 4' rec + 10' = 24'.
  - From a coaching point of view, an efficient way to organise this exercise, is to whistle each time the referees have to change from activity.

## Performance Training in Football Refereeing Weekly Training Plan

- For Sets 1 & 2, the time line for the use of the whistle is as follows:  
 0 (20" HI tempo) - 20" (J) - 30" (T) - 1'10" (J) - 1'30" (T) - 2'30" (J) - 3' (T) - 4'20" (J) - 5' (T) - 5'20" (J) - 5'30" (T) - 6'10" (J) - 6'30" (T) - 7'30" (J) - 8' (T) - 9'20" (J) - 10' (Stop)

- For Sets 3 & 4, the time line is:  
 0 (1'20" HI tempo) - 1'20" (J) - 2' (T) - 3' (J) - 3'30" (T) - 4'10" (J) - 4'30" (T) - 4'50" (J) - 5' (T) - 6'20" (J) - 7' (T) - 8' (J) - 8'30" (T) - 9'10" (J) - 9'30" (T) - 9'50" (J) - 10' (Stop)

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 74'

Wed. 27<sup>th</sup>: REST DAY

Thu. 28<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (+ 1 km).  
 Tr. 28 \* Warm up - 20' jogging, mobilisation and dynamic stretching.  
 \* Strength - Advanced set of strength and injury prevention I exercises (week 2).  
 \* Speed End. - Set 1: Field exercise, 5 laps of ± 2' each.

2 sets of 5 laps		
One lap		2 min
Set 1 (5 laps)		10 min
Recovery		4 min
Set 2 (5 laps)		10 min
<b>Total duration</b>		<b>24 min</b>
Walking	W	650 m
Jogging	J	1400 m
Backwards	BW	200 m
Sideways	SW	---
High Intensity	HI	1200 m
Sprint	S	250 m
<b>Total distance</b>		<b>3700 m</b>

- 4' recovery

- Set 2: Field exercise, again 5 laps of ± 2' each.

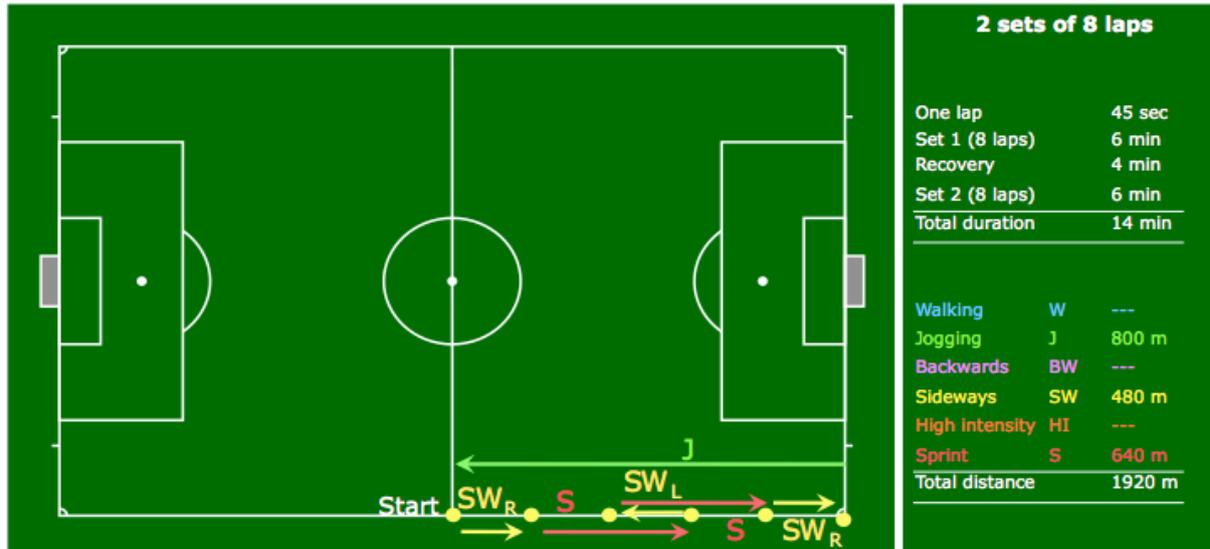

- All together, this exercise takes 24' (including recovery).

\* SE for ARs - While the referees perform their 2 sets of SE, the next SE exercise can be considered for the assistant referees.

# Performance Training in Football Refereeing

## Weekly Training Plan

- \* Match - 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).
- \* Cool down - 5' jogging and walking, followed by 10' static stretching.

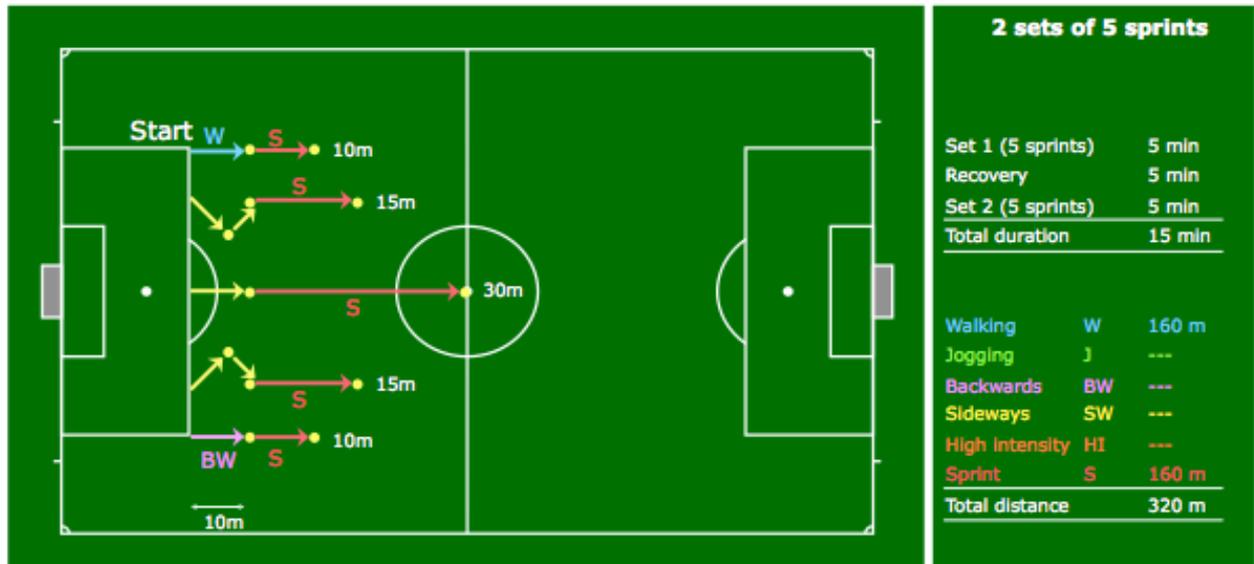

Total duration: 84'

Fri. 29<sup>th</sup>: REST DAY

- Sat. 30<sup>th</sup>:  
Tr. 29
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Speed - Straight line sprints from a dynamic starting position, such as heel lifts, knee lifts, walking, backwards or sideways running:
    - Set 1: 5 x 10 m, starting from 10 m walking
    - Set 2: 4 x 15 m, starting from 10 m side-stepping
    - Set 3: 3 x 30 m, starting from 10 m forwards jogging
    - Set 4: 4 x 15 m, starting from 10 m side-stepping
    - Set 5: 5 x 10 m, starting from 10 m backwards jogging
  - After every sprint, a slow walk to the start is a good way to determine the recovery time (e.g. 20" for 10 m, 30" for 15 m, 40" for 30 m).

## Performance Training in Football Refereeing Weekly Training Plan

- After every set, there is 1' recovery and stretching break.
- The total exercise time is 15'. The total sprint distance is 310 m.

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 55'

Sun. 31<sup>st</sup>: Officiating exhibition games to get match experience in order to prepare for the UEFA Europa and Champions League and the national championship.

If you have a weekend without a match, use your free time for additional recovery, or use your free time to work on any fitness weaknesses you might have, e.g., aerobic endurance, strength, injury prevention,...).

Alternatively, you may also consider to do some intermittent activities such as playing badminton, football, squash, or tennis.

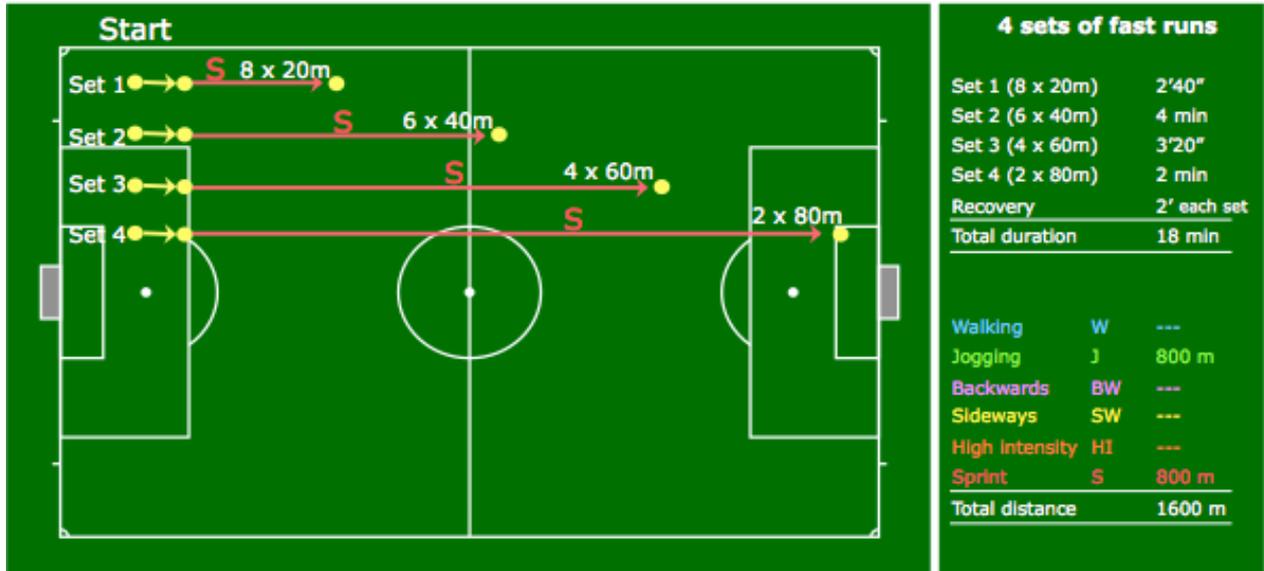

## Performance Training in Football Refereeing Weekly Training Plan

### **WEEK 31 from Monday 1<sup>st</sup> to Sunday 7<sup>th</sup> of August** **Macrocycle II, week 3 (Training week 9)**

<u>Mon. 1<sup>st</sup>:</u> Tr. 30	* Low Int.	- 5' jogging slowly building up to 70% HR <sub>max</sub> ( $\pm$ 1 km).
	* Warm up	- 20' jogging, mobilisation and dynamic stretching.
	* Medium Int.	- 30' run at 70% HR <sub>max</sub> ( $\pm$ 5 to 6 km). At the end of each 5' period, a 30" tempo run has to be performed ( $\pm$ 150 m), or 6 all together resulting in a total distance of 900 m.
	* Cool down	- 5' jogging and walking, followed by 10' static stretching.
		<u>Total duration: 70'</u>
<u>Tue. 2<sup>nd</sup>:</u> Tr. 31	* Low Int.	- 5' jogging slowly building up to 70% HR <sub>max</sub> ( $\pm$ 1 km).
	* Warm up	- 20' jogging, mobilisation and dynamic stretching.
	* Strength	- Advanced set of strength and injury prevention I exercises (week 3).
	* High Int.	- 1' run at 90% HR <sub>max</sub> , 30" jogging, 16 x - In total, this exercise takes (1' + 30") x 16 = $\pm$ 24'.
	* Cool down	- 5' jogging and walking, followed by 10' static stretching.
		<u>Total duration: 74'</u>
<u>Wed. 3<sup>rd</sup>:</u>		REST DAY
<u>Thu. 4<sup>th</sup>:</u> Tr. 32	* Low Int.	- 5' jogging slowly building up to 70% HR <sub>max</sub> ( $\pm$ 1 km).
	* Warm up	- 20' jogging, mobilisation and dynamic stretching.
	* Strength	- Advanced set of strength and injury prevention I exercises (week 3).
	* Speed End.	- All together, 20 fast runs should be performed from a dynamic start position. Decelerate smoothly, turn and jog back to the start.

# Performance Training in Football Refereeing Weekly Training Plan

\* Speed End. - Depending on the age and/or fitness level, the re-starts are timed as follows:

<u>Top:</u>	Set 1 every 20"	<u>Intermediate:</u>	Set 1 every 25"
	Set 2 every 40"		Set 2 every 45"
	Set 3 every 50"		Set 3 every 55"
	Set 4 every 60"		Set 4 every 65"

- 2' recovery in between each set.

- This exercise takes between 18' (top) and 20' (intermediate).

\* Match - 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 78'

Fri. 5<sup>th</sup>: REST DAY

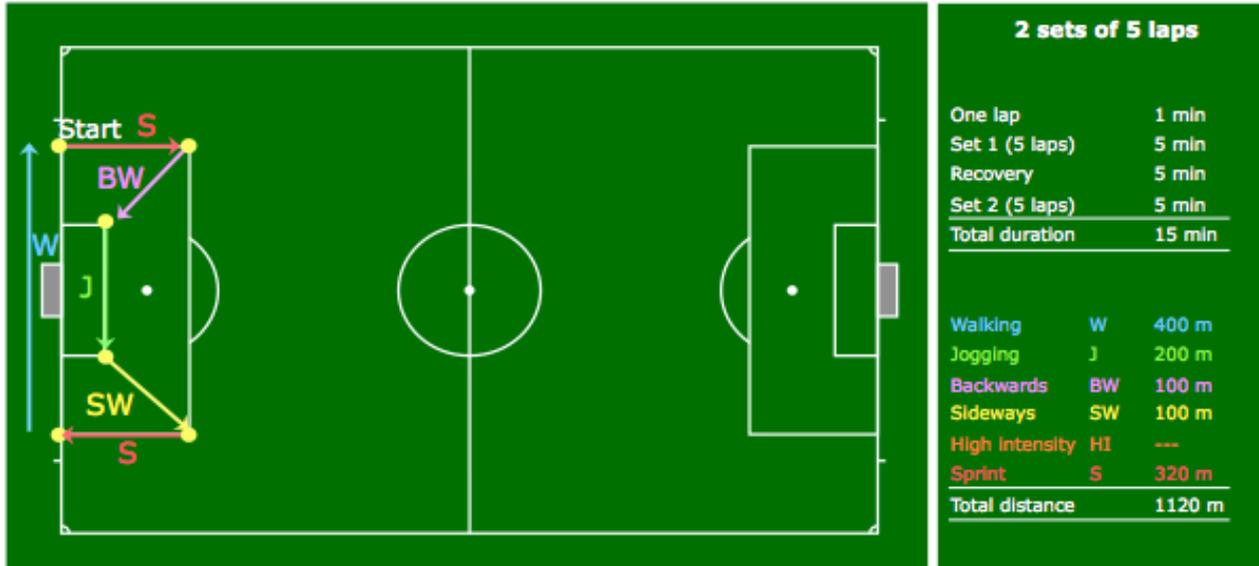

Sat. 6<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (+ 1 km).

Tr. 33 \* Warm up - 20' jogging, mobilisation and dynamic stretching.

\* Speed - Set 1: Perform 5 laps of the below exercise in the penalty area.

## Performance Training in Football Refereeing Weekly Training Plan

- Once the 5 laps (or 10 sprints of 16 m) have been completed, take a 5' recovery, stretching and drinking break.

- Then perform another 5 laps.

- The total exercise time is 15'. The total sprint distance is 320m.

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 55'

Sun. 7<sup>th</sup>:

Officiating exhibition games to get match experience in order to prepare for the UEFA Europa and Champions League and the national championship.

If you have a weekend without a match, use your free time for additional recovery, or use your free time to work on any fitness weaknesses you might have, e.g., aerobic endurance, strength, injury prevention,...).

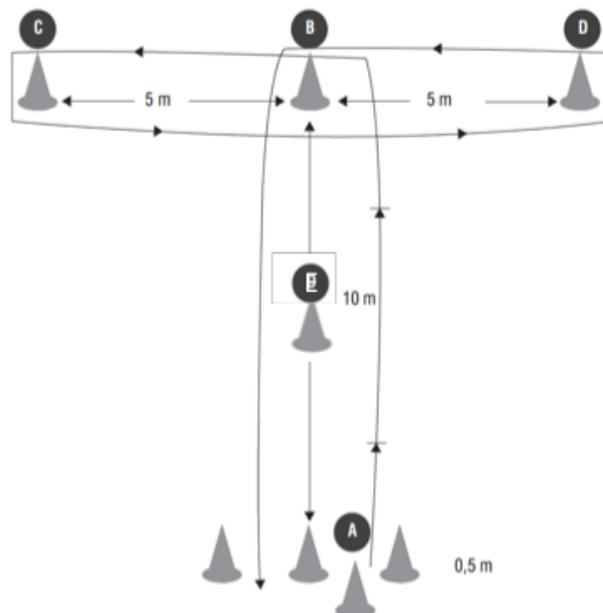

Alternatively, you may also consider to do some intermittent activities such as playing badminton, football, squash, or tennis.

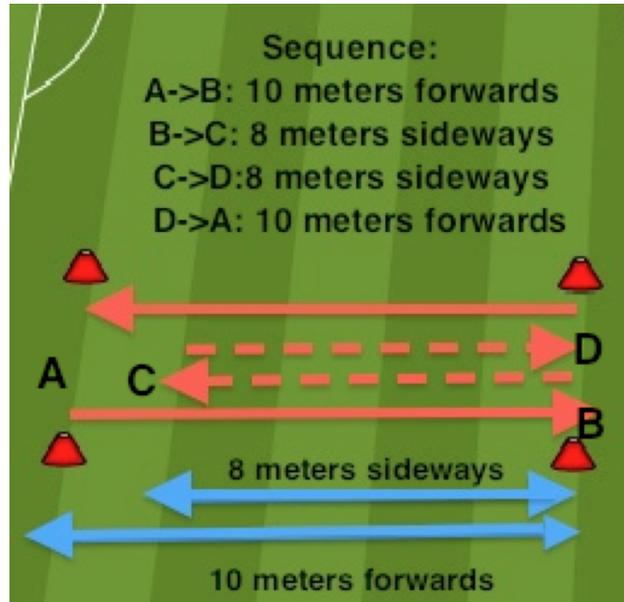

## Performance Training in Football Refereeing Weekly Training Plan

### WEEK 32 from Monday 8<sup>th</sup> to Sunday 14<sup>th</sup> of August Macrocycle II, week 4 (Training week 10)

- Mon. 8<sup>th</sup>: \* Act. Rec. - 50' recovery session in a fitness centre.  
Tr. 34
- Tue. 9<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (+ 1 km).  
Tr. 35
- \* Warm up - 20' jogging, mobilisation and dynamic stretching.
- \* Strength - Advanced set of strength and injury prevention I exercises (week 4).
- \* High Int. - Submaximal Yo-Yo from the start until 15:8 for referees (9').  
- Submaximal Yo-Yo ARIET from the start until 15:3 for ARs & futsal referees (9').
- \* Agility - 'T'- drill for referees:
- Set 1: Referees sprint forwards as indicated in the figure: 10 m straight forwards from cone A to cone B, turn around cone B, continue sprinting forwards to cone C, turn around cone C, continue sprinting forwards to cone D, turn around cone D, continue sprinting forwards to cone B, turn around cone B and continue sprinting through the finish. Reference time is 10.2" for national referees and 10.0" for international referees.
  - 1' recovery, 2 reps.
  - Set 2: Again 2 reps with 1' recovery in between, but referees now start on the left side instead of the right side.

- ARs do 4 reps of the CODA exercise:
- Sprint 10 m (one foot lined up 0.5 m in front of cone A) from cone A to B, then sideways left 8 m from cone B to C, then sideways right 8 m from cone C to D, sprint back to the finish line.
- The reference time is 9.6" for national ARs and 9.4" for international ARs: 4 reps in total  
(2 x starting sideways running with the L leg & 2 x starting R leg)

- 3' recovery

\* Speed End.

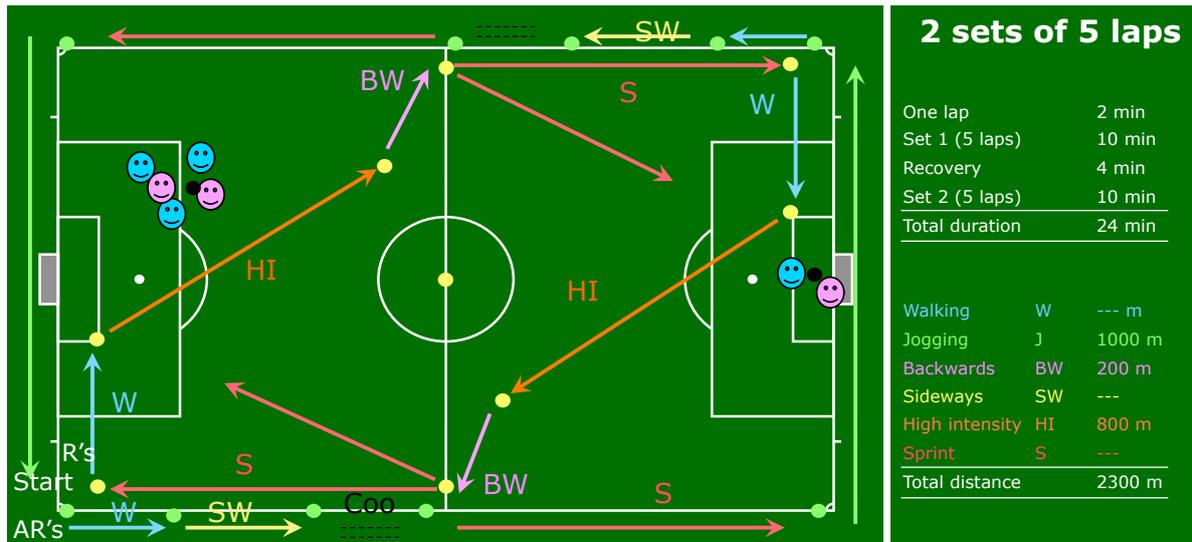

- Set 1: Referees perform 5 to 6 laps (10 to 12')

- From the start, run at the appropriate intensity around the pitch perimeter.

- The ARs follow the movements of the referee until the midline. When the referee starts running backwards, the ARs continue their coordination exercise and then sprint to the penalty area to assist the referee taking a technical decision based on where the coach bounces the ball. This position indicates a foul for the attacking team (foul in- or outside penalty area). Alternatively, the coach can also bounce the ball in front of or ahead of the goal line (goal or no-goal).

# Performance Training in Football Refereeing Weekly Training Plan

- 4' recovery

- Set 2: Referees perform 5 to 6 laps (10 to 12')

- All together this exercise takes  $\pm$  24' to 28'.

\* Cool down

- 5' jogging and walking, followed by 10' static stretching.

Total duration: 93'

Wed. 10<sup>th</sup>:

REST DAY

Thu. 11<sup>th</sup>:  
Tr. 36

\* Low Int.

- 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).

\* Warm up

- 20' jogging, mobilisation and dynamic stretching.

\* Strength

- Advanced set of strength and injury prevention I exercises (week 4).

\* Speed End.

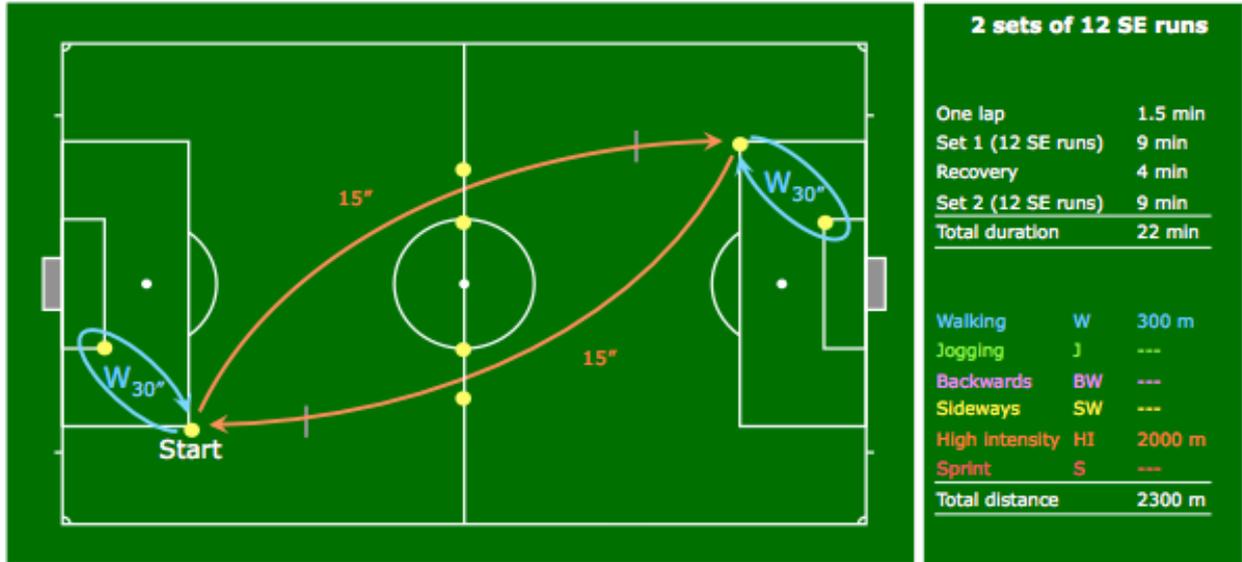

- Set 1: of the diagonal run, 10 reps of 45" each.

Starting at the edge of the penalty area, referees progressively accelerate to 90-95% SP<sub>max</sub> (15") along the diagonal line as indicated. As from the mark near the opposite penalty area on (marked by the vertical bar), they decelerate while keeping the attentional focus inside the penalty area. Between runs, there is a 30" rec. period (walking).

# Performance Training in Football Refereeing

## Weekly Training Plan

- 4' recovery

- Set 2 of the diagonal run, again 10 reps of 45" each.

- The total duration of this speed endurance session is + 22' including 4' active recovery.

\* Match

- 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).

\* Cool down

- 5' jogging and walking, followed by 10' static stretching.

Total duration: 82'

Fri. 12<sup>th</sup>:

REST DAY

Sat. 13<sup>th</sup>:  
Tr. 37

\* Low Int.

- 5' jogging slowly building up to 70% HR<sub>max</sub> (± 1 km).

\* Warm up

- 20' jogging, mobilisation and dynamic stretching.

\* Speed

- Set 1: speed exercise around the midline, 5 x across the pitch and back to the starting position.

## Performance Training in Football Refereeing Weekly Training Plan

2 sets of 5 laps	
One lap	1 min
Set 1 (5 laps)	5 min
Recovery	5 min
Set 2 (5 laps)	5 min
<b>Total duration</b>	<b>15 min</b>

Walking	W	200 m
Jogging	J	200 m
Backwards	BW	100 m
Sideways	SW	100 m
High intensity	HI	300 m
Sprint	S	300 m
<b>Total distance</b>		<b>1200 m</b>

- 5' recovery

- Set 2: same exercise, again 5 x up and down.

- The total exercise time is 15'. The total sprint distance is 360 m.

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 55'

Sun. 14<sup>th</sup>: Officiating exhibition games to get match experience in order to prepare for the UEFA Europa and Champions League and the national championship.

If you have a weekend without a match, use your free time for additional recovery, or use your free time to work on any fitness weaknesses you might have, e.g., aerobic endurance, strength, injury prevention,...).

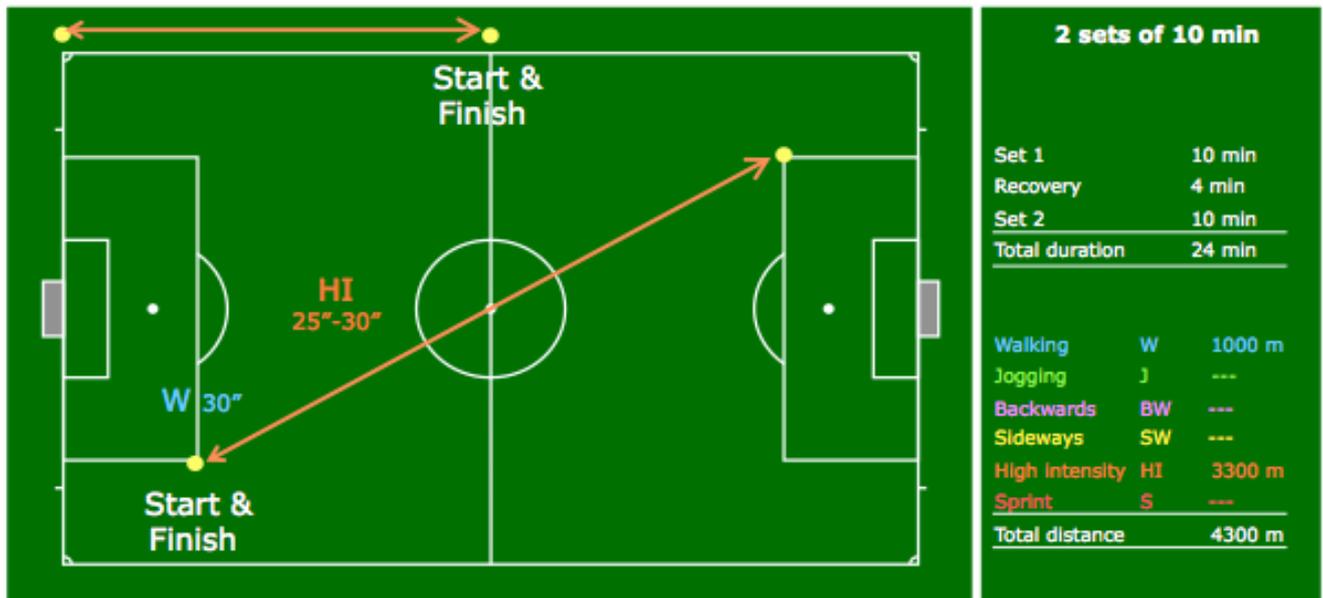

Alternatively, you may also consider to do some intermittent activities such as playing badminton, football, squash, or tennis.

## Performance Training in Football Refereeing Weekly Training Plan

### WEEK 33 from Monday 15<sup>th</sup> to Sunday 21<sup>st</sup> of August Macrocycle II, week 5 (Training week 11)

- Mon. 15<sup>th</sup>: \* Act. Rec. - 50' recovery session in a fitness centre.  
Tr. 38
- Tue. 16<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (+ 1 km).  
Tr. 39
- \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Strength - Advanced set of strength and injury prevention I exercises (week 5).
  - \* High Int. - Set 1: 30" run at 90% HR<sub>max</sub>, 30" recovery, 10 repetitions.  
- 2' recovery  
- Set 2: 30" run at 90% HR<sub>max</sub>, 30" recovery, again 10 repetitions.  
- All together, this exercise takes 10' + 4' recovery + 10' = 24'  
- In the example below, it is shown how this exercise can be done by assistant referees (i.e. along the sideline)

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 74'

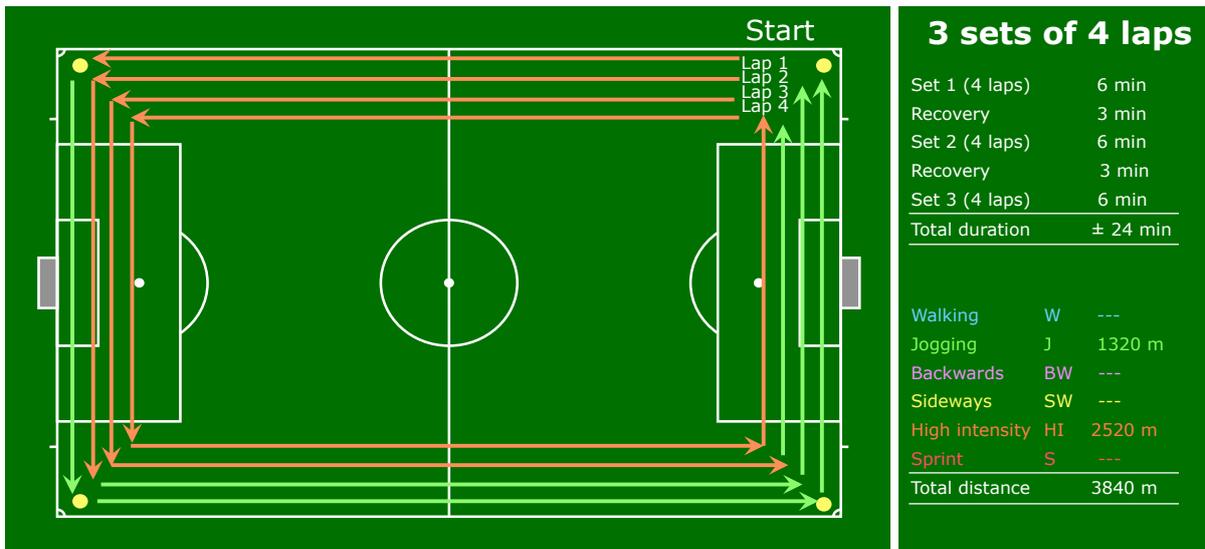

Wed. 17<sup>th</sup>: REST DAY

- Thu. 18<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 80% HR<sub>max</sub> (+ 1 km).  
Tr. 40
- \* Warm up - 20' jogging, mobilisation and dynamic stretching.

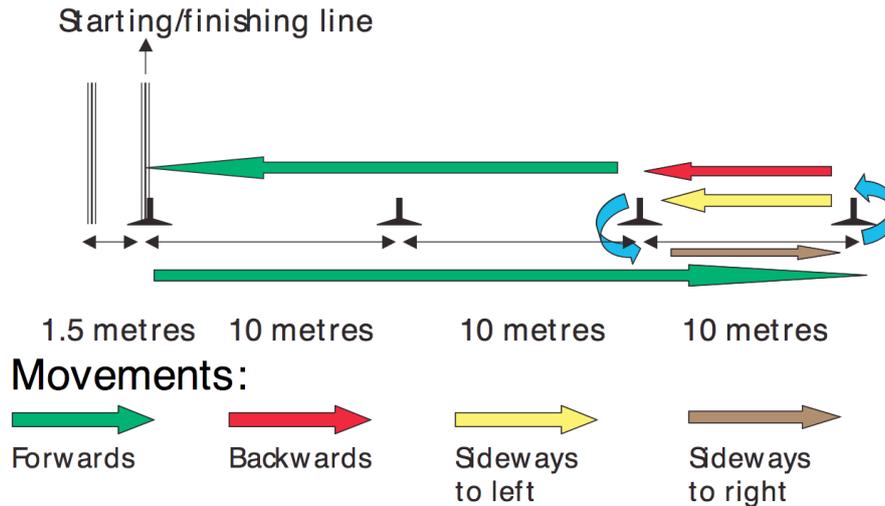

## Performance Training in Football Refereeing Weekly Training Plan

- \* Strength
  - \* Speed End.
- Advanced set of strength and injury prevention I exercises (week 5).
  - Set 1: Run around the pitch as indicated in the picture. The distance of high intensity running increases every lap. In total, there are 4 laps around the pitch.
  - 3' recovery
  - Set 2: Same as set 1 (but run in the opposite way).
  - 3' recovery
  - Set 3: Same as set 1.

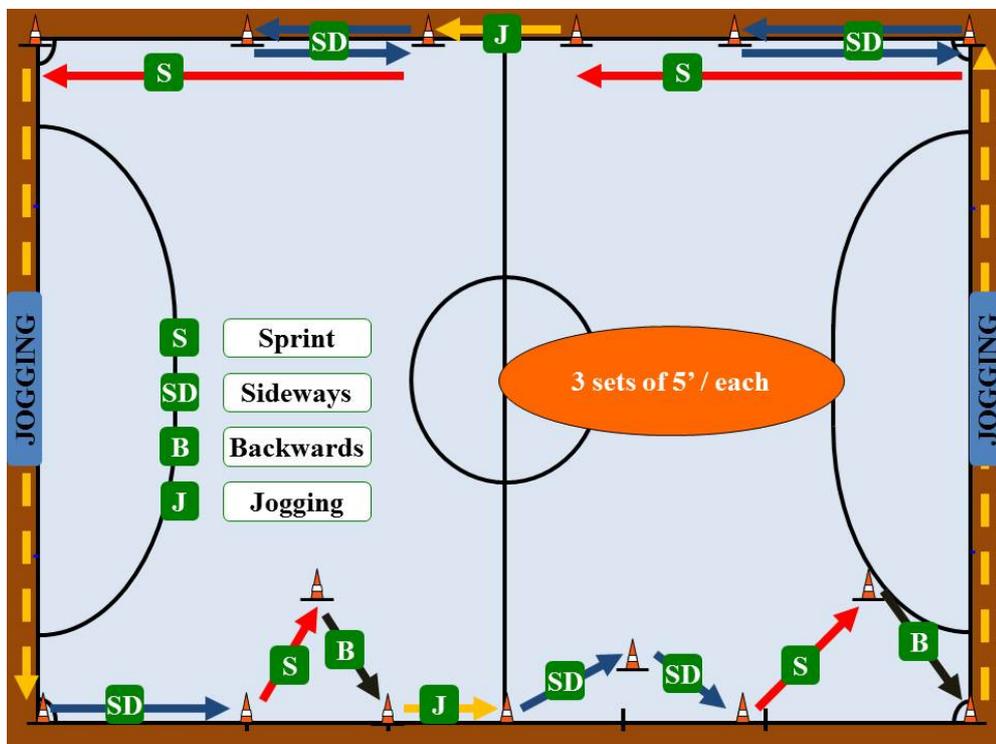

- All together this exercise takes ± 24'.

- \* Agility for ARs
- While the referees perform their 1 sets of the SE exercise, the next agility exercise can be considered for the assistant referees.
  - Set 1: 80 m agility exercise, 1' rest, 4 reps.
  - The exercise should be done at sprint pace, but with the correct variation in movements; forward, sideways (2 x), backwards, forwards.
  - 3' recovery
  - Perform a 2<sup>nd</sup> set of this exercise (4 reps).

\* Agility for futsal - Futsal referees could consider doing the following exercise:

\* Match - 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 84'

Fri. 19<sup>th</sup>: REST DAY

Sat. 20<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (± 1 km).

Tr. 41

\* Warm up - 20' jogging, mobilisation and dynamic stretching.

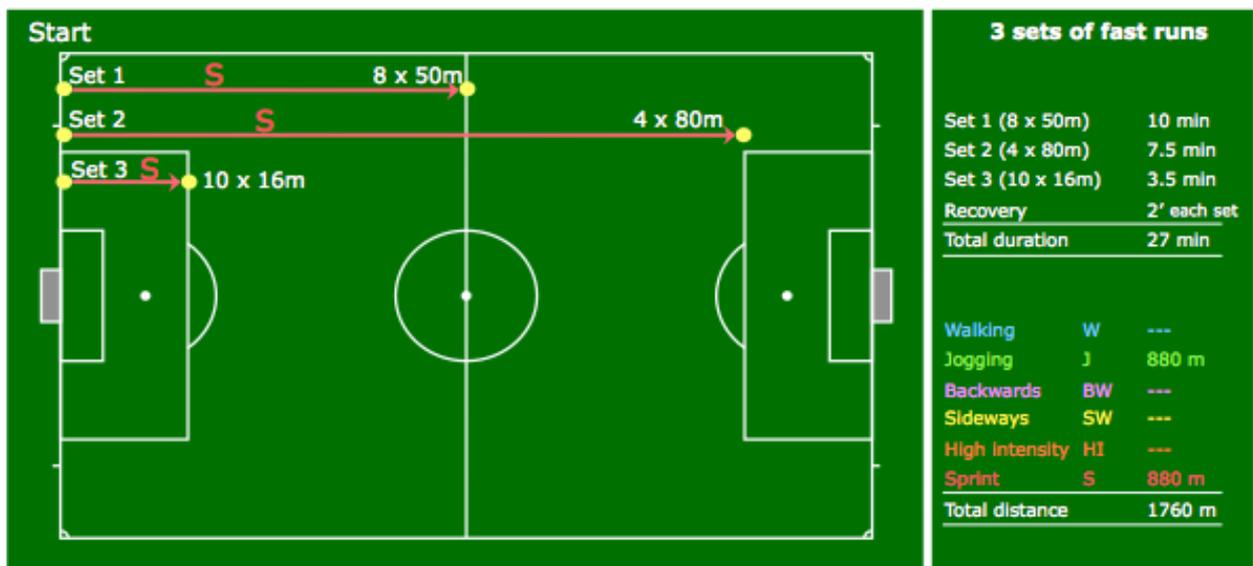

# Performance Training in Football Refereeing

## Weekly Training Plan

### WEEK 34 from Monday 22<sup>th</sup> to Sunday 28<sup>th</sup> of August

#### Macrocycle II, week 6 (Training week 12)

- Mon. 22<sup>nd</sup>: \* Act. Rec. - 50' recovery session in a fitness centre.  
Tr. 42
- Tue. 23<sup>rd</sup>: \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> (+ 1 km).  
Tr. 43
- \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Strength - Advanced set of strength and injury prevention I exercises (week 6).
  - \* Extended SP - Start each sprint on the goal line:
    - Set 1:
      - > 8 maximal sprints to the midline (+ 7.5") with 50" active recovery in between each sprint
      - > Jog 1 lap of the pitch, drinking & stretching (+ 2'30")
      - > Duration: + 10'
    - Set 2:
      - > 4 sprints to the opposite penalty area (+ 12") with 70" active recovery in between each sprint
      - > Jog 1 lap of the pitch, drinking & stretching (+ 2'30")
      - > Duration: + 7.5'
    - Set 3:
      - > 10 sprints to the penalty area (+ 3") with 20" active recovery in between each sprint
      - > Duration: + 3.5'

- All together, this session takes + 21' including 5' active recovery.

# Performance Training in Football Refereeing

## Weekly Training Plan

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 71'

Wed. 24<sup>th</sup>: REST DAY

Thu. 25<sup>th</sup>: \* Low Int. - 5' jogging slowly building up to 80% HR<sub>max</sub> (± 1 km).  
Tr. 44

\* Warm up - 20' jogging, mobilisation and dynamic stretching.

\* Strength - Advanced set of strength and injury prevention I exercises (week 6).

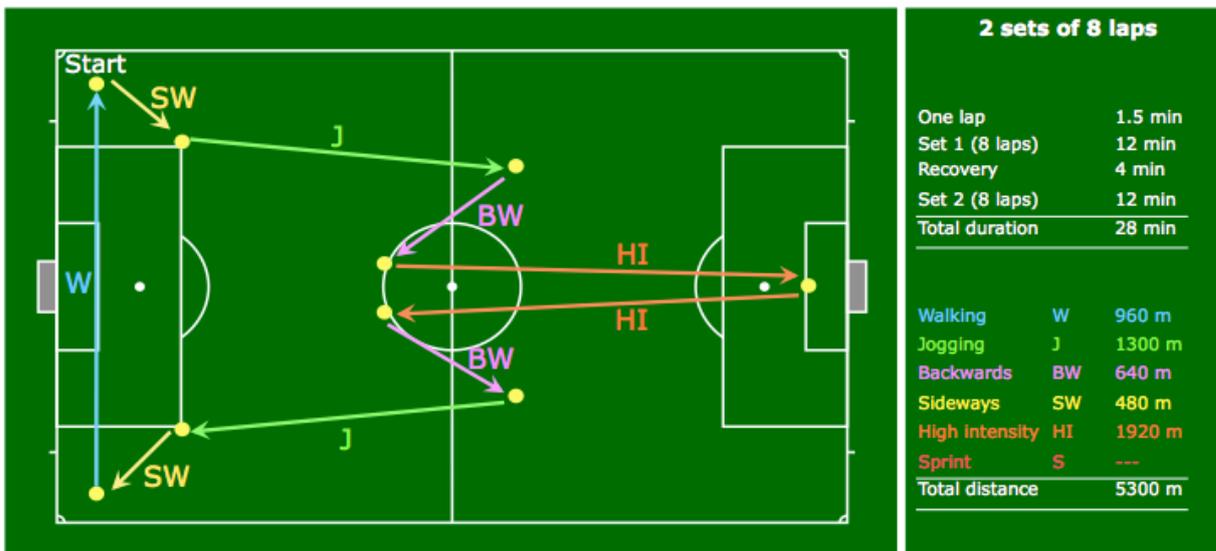

\* Speed End. Set 1:  
- Field exercise, 6 laps in total from the start as follows:  
- Sideways-R (± 15 m)  
- Jog to next cone (± 40 m)  
- Backwards jogging to the next cone (± 15 m)  
- HI running around the top cone and to the next cone (± 100m)  
- Running backwards to the next cone (± 15 m)  
- Jogging at medium intensity to the next cone (± 40 m)  
- Sideways-L (± 15 m)  
- Walk back to start (± 60 m)

- One full lap, arriving back at the start takes ± 2'.  
- Set 1 (6 laps) takes ± 12' to complete

- 4' recovery

Set 2: Field exercise, again 6 laps of 2' each.

- All together, this speed endurance exercise takes ± 28'.  
(12' Set 1 + 4' recovery + 12' Set 2)

\* SE for ARs - While the referees perform their 2 sets of the HI exercise, the next

SE exercise can be considered for the assistant referees.

The diagram shows a football pitch with a training circuit. The circuit starts at the center circle (labeled 'Start'). It consists of several segments: a vertical line from the center to the top edge (labeled 'J'), a horizontal line from the top edge to the right edge (labeled 'HI'), a vertical line from the top edge to the bottom edge (labeled 'SW<sub>R</sub>'), a horizontal line from the bottom edge to the left edge (labeled 'HI'), a vertical line from the bottom edge to the top edge (labeled 'SW<sub>L</sub>'), and a horizontal line from the left edge to the center circle (labeled 'HI').

2 sets of 5 laps		
One lap		2 min
Set 1 (5 laps)		10 min
Recovery		4 min
Set 2 (5 laps)		10 min
<b>Total duration</b>		<b>24 min</b>

Walking	W	---
Jogging	J	1200 m
Backwards	BW	---
Sideways	SW	400 m
High intensity	HI	1600 m
Sprint	S	---
<b>Total distance</b>		<b>3200 m</b>

- \* Match - 10' match play or 10' medium intensity jogging (80% HR<sub>max</sub>).
- \* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 88'

Fri. 26<sup>th</sup>: REST DAY

- Sat. 27<sup>th</sup>:  
Tr. 45
- \* Low Int. - 5' jogging slowly building up to 70% HR<sub>max</sub> ( $\pm$  1 km).
  - \* Warm up - 20' jogging, mobilisation and dynamic stretching.
  - \* Speed - Set 1: Perform 5 laps of the following exercise in the penalty area.

The diagram shows a football pitch with a training circuit in the penalty area. The circuit starts at the top-left corner (labeled 'Start'). It consists of several segments: a horizontal line from the top-left to the top-right corner (labeled 'S'), a diagonal line from the top-right to the center of the penalty area (labeled 'J'), a diagonal line from the center to the bottom-left corner (labeled 'BW'), a horizontal line from the bottom-left to the bottom-right corner (labeled 'SW'), and a horizontal line from the bottom-right to the top-left corner (labeled 'S').

2 sets of 5 laps		
One lap		1 min
Set 1 (5 laps)		5 min
Recovery		5 min
Set 2 (5 laps)		5 min
<b>Total duration</b>		<b>15 min</b>

Walking	W	400 m
Jogging	J	200 m
Backwards	BW	100 m
Sideways	SW	100 m
High Intensity	HI	---
Sprint	S	320 m
<b>Total distance</b>		<b>1120 m</b>

## Performance Training in Football Refereeing Weekly Training Plan

---

- Once the 5 laps (or 10 sprints of 16m) have been completed, take a 5' recovery, stretching and drinking break.

- Then perform another 5 laps.

- The total exercise time is 15'. The total sprint distance is 320 m.

\* Cool down - 5' jogging and walking, followed by 10' static stretching.

Total duration: 55'

Sun. 28<sup>th</sup>: Officiating exhibition games to get match experience in order to prepare for the UEFA Europa and Champions League and the national championship.

If you have a weekend without a match, use your free time for additional recovery, or use your free time to work on any fitness weaknesses you might have, e.g., aerobic endurance, strength, injury prevention,...).

Alternatively, you may also consider to do some intermittent activities such as playing badminton, football, squash, or tennis.
